

VALUING NATURE

Why are businesses involved
in biodiversity?

Tom Smith, PhD Candidate
Sustainable Research Institute
University of Leeds

My research

- Methods to incorporate biodiversity into business strategy
- Importance of stakeholder engagement
- Forestry and Salmon Farming in Chile

Why attend the business school?

- Learn more about business priorities
- Learn how best to communicate findings to business
- Make new connections

Hopes and fears

- Delivering constructive criticism
- Turning findings into workable actions
- Finding avenues to collaborate
