

VALUING  
NATURE

# Talking Forth

Citizen participation in  
developing  
nature-based solutions for  
climate resilience

Anja Helena Liski  
PhD Student  
University of Edinburgh

# my research in the Inner Forth estuary social value of coastal realignment

# Business Impact School

## why am I here?

Communicate  
outcomes

Create awareness

Build trust

Support decision-  
making

# opportunities and challenges engaging business stakeholders

- form basis for dialogue (or conflict) between groups
- integrate nature-based solutions with strategy and operations
- (challenge current strategy)
- identify investment gaps
- inspire the creation of new start-ups
